Fly far, win big with AMC Services

SCOTT AIR FORCE BASE, III. — Air Mobility Command announces the summer promotion, "Around The World In Ninety Days," also known as "ATWIND" will once again take flight!

From Thursday through Sept. 5, members of the AMC family can win prizes such as a 2000 Ford Windstar, a 2000 Ford Focus, vacation trips, cash and a whole lot more—more than 3,000 prizes in all.

Created to heighten awareness of AMC's Year of the Family program, ATWIND rewards people as they participate in various family-oriented activities at command bases, said Maj. Will Lane, chief, programs division for AMC Services. The program is intended to highlight various YOFAM programs and events taking place throughout the summer, as well as heighten awareness of ongoing programs and services available at AMC bases.

"ATWIND is a virtual adventure around-the-world," he said. "The goal is to fly from one landmark destination to another while earning chances to win prizes along the way."

By participating in a variety of base programs and activities, people will earn game pieces. Each game piece will move them closer to a destination where they have the chance to win a prize, said Lane.

"Once a person has earned that first game piece, he or she can set up

an ATWIND account by calling a toll-free number or accessing the web site and entering some basic information," he said. "Once an account has been established, the person simply enters the number found on their game piece to become eligible to win a prize."

Everyone starts out at Scott AFB. With each game piece they earn, they will move closer to the next destination. The more destinations people travel to, the more prizes they are eligible to win.

At each of the five destination points, there will be a series of prizes players can win. To become eligible to win the top prizes—two Ford vehicles and the vacation trip—you will have to travel to all five destinations, said Lane.

ATWIND players can also win instant prizes like a weekend ski trip, computer system, Life Fitness Cycle, stereo, cash and lots, lots more. All game pieces must be registered to qualify for the instant prizes.

"You don't have to participate in a lot of activities," Lane said. "You can be an instant winner with just one game piece or by simply establishing an ATWIND account. There will be more than 3,000 instant winners."

For more information, call 963-3809. More details will soon be available at www.atwind.com. (AMCNS)
